- Provide Design Opportunities
- 100% Colourfast
- Stain Resistant
- Size Accurate
- Energy Efficient
- Exposure Grade

ENVIABLE WALL CLADDING

We have a huge range of different styles, colours and materials of Wall Cladding. From Natural Stone to man-made, our beautiful and timeless wall cladding will elevate any home.

Use it to transform a space - wall cladding is extremely versatile so architects love to work with this product as it allows for endless design possibilities.

Our range of wall cladding are -

- Natural Stone options
- Man-made options
- DIY wall cladding
- Range of shapes, sizes, colours and finishes

NATURAL STONE

Nothing beats the look and feel of Natural Stone. If you've ever walked bare foot on Travertine, it has a luxurious feel to walk on. Its perfect for areas in full sun as it doesn't retain heat so remains cool under foot.

Natural Stone has a luxe and timeless look which can really transform the look of a space. It's a particularly great product to use around pools.

Our range of Natural Stone products include -

- Bluestone
- Granite
- Limestone
- Marble
- Sandstone
- Slate
- Travertine

DESIGNER RETAINING WALLS

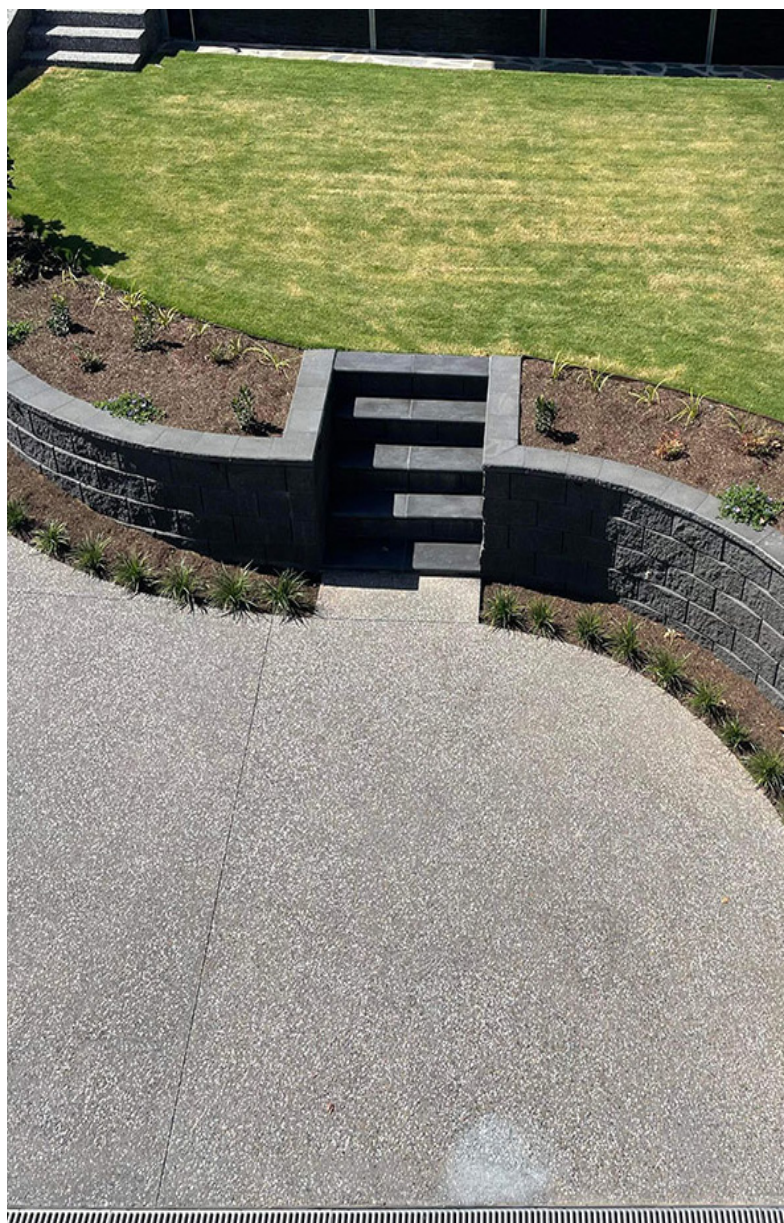

Architects love our range of transformative retaining walls. Retaining walls can be designed in a way to be eye catching or dual purpose.

Use retaining wall blocks not just to retain soil but use for other uses around your home to match and connect all areas - fire pits, seating, garden walls and edging and more. Get creative using retaining wall blocks.

Our range of retaining wall blocks include -

- DIY blocks
- Garden walls
- Retaining walls up to 1m

- Retaining walls over 1m
- Walls to put fencing on top of
- Curved walls
- Straight walls
- Step back walls
- Huge range of colours and finishes
- Matching capping units
- Easily able to include steps
- Interlocking blocks
- Hollow core blocks for filling

POOL PAVING COLLECTION

If you're planning or designing a new pool, the pool paver choice is extremely important. There are many aspects that need to be considered.

Firstly the colour choice is important to complement your pool colour. Choose a pool paver that has a matching coping for a seamless and cohesive look.

Travertine is a popular choice as it's cool under foot which makes it comfortable to walk on with bare feet in the sun. Your coping choice is also important - dropface provides a modern style with uniform straight edges. Bullnose is popular for families with kids to make it easier for them to get out of the pool.

At APC, we have the largest range of pool pavers and coping in Adelaide.

Our range of pool pavers include -

- Natural Stone pavers
- High quality Stoneware
- Salt resistant
- Stain resistant
- Slip resistant
- Cool under foot
- Matching pool coping - bullnose, dropface, aris dge, pencil edge
- Low maintenance
- French pattern
- Huge range of colours, patterns and sizes

ALFRESCOS AND ENTERTAINING

With a lot of our entertaining these days taking place outside, your choice of alfresco paving is important. Large format is great for creating the illusion of a large space due to less grout lines.

Natural stone has a premium and elevated look and Stoneware provides stain, scratch and low maintenance options. Considering your lifestyle and how you intend to use the space is important to determine what paving options is best for you.

Our range of alfresco and patio paving includes -

- Large format pavers
- Natural Stone
- Stoneware - scratch, stain and low maintenance

MAKE AN ENTRANCE WITH YOUR DRIVEWAY

Not all pavers are created equal! Your driveway needs to withstand an immense amount of weight and pressure but it also creates an impressive entrance to your home.

A driveway isn't just practical and architects consider all elements when creating a home.

Your driveway takes up a large area of your front yard so make it a feature!

Our range of driveway pavers includes -

- 50mm and 60mm range - recommended for driveways
- Brick shape for extensive paving pattern options

INDOOR AND OUTDOOR PAVERS AND TILES

Connecting your indoor spaces to your outdoor spaces can be achieved using the same product. Architects love to work with our range of indoor outdoor products for this very reason as our range is extensive.

Using the same product throughout not only connects your inside and outside living, but it creates the feeling of larger open spaces.

Our range of indoor / outdoor paving and tiles includes –

- Indoor tiles
- Outdoor tiles
- Matching pavers (same products in paver thickness)
- Premium Stoneware
- Natural Stone
